Witam!

W Pelplinie korzysta sie nie bezposrednio z ksiag.
Wszystkie ksiegi sa zdigitalizowane i dlatego korzystamy z komputerow. Na miejscu pomoze pracownik, ktory zawsze jest obecny na sali. W przypadku watpliwosci ksiegi sa udostepniane. Dane zawarte w ksiegach w Pelplinie sa pelne, tzn w ksiegach chrztow jest pelna data narodzin i chrztu. Miejsce urodzenia, rowniez dane chrzesnych. Czasami uwagi.

Pozdrawiam
Szulist

I am having the same problem or question. Once you have the record number and book number and Parish how do you go about getting the information? I have found lots of records but I do not know who or where to get the information. Thanks Jim

Krysta

komputerze.

Jim

Record number and other information that you found at PTG refer to scans stored in Archiwum Diecezjalne Pelplin.
All resources are digitized, and you have access to the directory structure with parish names, events, years, and sometimes village names.
The "Picture no." is usually the name of the file with scan, but there may me some exception.
Having the information from PTG you can quickly found the requested scan just by navigating in the directory structure.
If you are in the archive do not hesitate to ask the staff for help, this lady is very friendly and always willing to help.

I hope this help

pozdrawiam
Tomek

Thank you Tom, that may be the problem I do not know what the directory structure, I am not even sure what it is, I am doing this research on line at this time. I live in Michigan USA. I didn't know if there was another site that I needed to go to, to get the information. Thank you so much for your help. Jim
