Is there an archive for warminsko-mazurskie? US records say my family from Gorzno, church records there show great grandfather Franciszek die in 1901. Ludovica die in 1902.
[I think great grandmother] grandfather Franciszek & grandmother Theofilia {nee Nehring} leave Poland in 1902 with Branislaw?[Bronislaw}, my father and Bernard, Franciszek, Julius, his brothers.
Torun search not find any birth records for my father or his brothers.
One Nehring relative in Gorzno say not have records or remember my grandmother, I visit her in May 20013 but she was born in 1928, to young.
I am guessing that the Jarmuzewski clan is from warminsko-mazurskie. I visit Izbica Kujawska because I contact Jan Jarmuewski and his research show no connection to Gorzno.
I check many Polish geneology sites.
A web site called nk.pl has some Jarmuzew2ski's but they will not respond to questions.
What do I do next???
thank you
