Comment: Appreciating the work your team has done over the years. I wish to contact persons in Poland, parish Sliwice, preferably with roots in village Linsk. A Polish Surname Project here in USA wishes to link GLAZA males as possible relatives. Two branches of the Glaza family here are searching for a common ancestor. Records are missing for time period we are searching; determined by standard genealogy research. Now we wish to use modern genealogical tools of male DNA testing. We are in search of a common ancestor from the parish. Our direct Glaza relatives migrated to the USA in eaqry to late 1860s. I am a direct descendant through maternal lines. There is no cost to participants. I am willing to pay for a person you recommend that can offer suggestions for approaching people in parish and conducting research with outlined goals. I can share interesting historical information with appropriate relatives. Thank you for your consideration.
