I was wondering if somebody could help me figure some names out, I ordered the microfilm on the marriages in Sierakowice parish back in March and it is still backordered. I'm trying to figure out some parent names. I will list the names I'm trying to figure out. First name is Albrecht Stanislaus Labuda, I belive he was born in 1829 and his parents were Johann Labuda and Constantia Crzankowa. The next name is Franciska Ramczyk, I found several possibillities of her parents, 1834 Albrecht Ramczyk and Veronica Czja, 1836 Martin Ramczyk and Anna Labuda. In the United States the birth dates I have found out for Franciska have varied alot. Albrecht and Franciska were married in 1859 in Sierakowice, I found the marriage record. I believe Albrecht died in Poland in 1867 at the age of 38. I would appreciate any help that anybody can give me.

Hello!

I would like to help you in your researches, so my first question is:

Are sure that your ancestor Albrecht Labuda died in 1867? Where died Albrecht Labuda?

In our organization, I'm an author of indexes from parish Sierakowice.I checked mariages and I read age of Albrecht Labuda 24 years old instead 29 so that is another posibility of date of birth Albrecht Labuda.This second date is 22.01.1826 .

Do you know the probabile date of death Franciszka Labuda (born as Ramczyk)

regards
Janusz Pawelczyk

I found the marriage record (1859) of Albrecht Stanlius Labuda and Franciska Ramczyk (ramczik) in the sierokowice data base, Labuda was spelled Labudda. In doing my research I found that sometimes Stanlius labuda was listed instead of Albrecht Labuda, his middle name was used. Two of his children were listed with stanlus labuda and my great great grandmother was listed with Albrecht Labuda, I looked these babtisms up on microfilm and it was correct it was same person. So his death record (1867) was listed as Stanlius Labuda and that matched his birth

record in 1829 with being 38 years old. He had one daughter born in 1866 and Franciska remarried Franz Hoppa between 1867-1868 because they had thier first child in december of 1868. So this is why I think I found the birth and death records for Albrecht to be correct. Franciska immigrated here in 1892 and died in the united states in 1936. I don't really know her birth date because doing my research in the United States on her the dates were never consistant.

Hello!
Thank you for your answer.You are right, Albrecht Stanislaus Labuda died in 05 november 1867 in Gowidlino.I'm sure because his death announced his wife Francisca born as Ramczyk.
In this time i'm doing indexes of Gowidlino parish.I Have found record her second marriage with Franz Hoppa.She remaried 11.02.1868.Her age was written like 24.I have checked records of Sierakowice parish once more.I think that, Catharina Francisca Ramczyk who used her second name Francisca is your grandgrandgrandmother. She born on 30 of april 1941.Her parents was Martin Ramczyk and Anna Gruba.Francisca Ramczyk born in Gowidlino village.In the same time(11.05.1841) born Julianna Francisca Ramczyk but hers village was Bukowo.

The exactly date of born Albrecht Stanislaus Labuda & Francisca Ramczyk is:

1.Rosalie Ottilie 6.03.1860
2.Auguste Anna 02.01.1864
3.Johanna 25.05.1866

Thank you so much for the information. I ordered Gowidlino microfilm but it hasn't come in yet to research center. I was wondering if you could help me with a few more questions I have. I've been trying to figure out Franciska and Frank Hoppas children. Franciska was supposed to have had born 12 children according to a census in the United States. The only children I have of her and Frank are Basil, Mathilda, Charles, Frances and Martha, with the three children she had from her marriage to Labuda that makes 8. I've been trying to figure out the other four children but have not been able to do so. I would appreciate any information you may have. I also have the information that Rosalie Ottila married a Johann Cychosz but don't know if thats right and I have not been able to figure out if her or Johanna labuda came to the United States.

Thank you so much I believe their is only one more child Martha born 1885. I've been trying so long to figure out these other four children and theirs no record of them in the united states so I haven't been able to figure it out, I believe some actually stayed in poland. Are these records indexed on the PTG sight yet to view? Do you know is the Sierakowice babtism records for the 1700's will be indexed?

From the family research center there are micorfilms listed for these years, so would the records from Sierakowice still be on these microfilms then?

Hello!

I know, that the rest of baptism books 1723-1768 and 1768-1802 is in the Mormon's Library.The main problem is location of the Mormon's church in Poland.In Poland the Church of Jesus Christ

Genalogiczne(PTG) is located in Sopot, so we heven't posibility do indexes here.
If you would like to help us to do indexes of these books(if you want, and if you have a posibility and time to do it) we will be very glad!!!

Since you do the Sierakowice parish research indexing I was wondering if you could help me figure out some of the parents of my Dawidowski ancestry. I got as far as a marriage record between Stanislaus Dawidowski and Catharina Mielewczykowa, sometimes her name just ends with the z. I looked through the microfilm with this information on but could not figure out the parents of Stanislaus, I asked the people working at the family research center but they were unable to help me figure if this information was listed. I would appreciate any information you could help me with. I saw that marriage records for the Dawidowski family only goes down to 1744, so I don't know if they were in this area before this date.
